

Owato

Brand Of Quality

COMPLETE WATER TREATMENT SOLUTIONS

At Owato, we are dedicated to revolutionizing water treatment services and unwavering commitment of solutions to our clients.

Special blend of expertise and practical experience in water treatment industry.

Our Priority is Quality

WHY CHOOSE TO OWATO

Innovation-Driven Solutions

We leverage advanced technologies to develop efficient and sustainable water treatment solutions.

Customized Approach

We aim to tailor solution that meet your unique requirements and objectives.

Sustainability

Dedicated to promoting eco-friendly and sustainable practices in water management.

Expert Support

Our team of experienced professionals provides comprehensive support ensuring successful implementation and operation.

OUR COMPREHENSIVE SOLUTIONS

Plan of Action

- Scheduled site visits
- Field tests, Prompt and accurate analysis of test findings
- Onsite suggestion and subsequent reports
- Client Meetings to discuss program outcomes

Treatment Processes

- Equipment evaluation
- Employing state-of-the-art technologies
- Testing of water with accredited laboratories
- Specific mechanical and electrical services

Monitoring & Measures

- Stock control
- Routine plant monitoring
- Inspecting treatment and application machinery

EQUIPMENTS WE DEAL WITH

Filtration System

- Multimedia Filter
- Activated Carbon Filter
- Iron Removal Filter
- Self Cleaning/Disc Filter
- Cartridge/Bag Filter
- Swimming Pool Filter
- Micron Filtration System
- Ultra Filtration System

Disinfection System

- Ultraviolet
- Ozone
- Copper Silver Ionization
- Legionella Treatment
- Microbiological Control

EQUIPMENTS WE DEAL WITH

Ion Exchange System

Water Softener

De-ionizer

Condensate Polishing Unit

Heavy Metal Eliminator

Electro Dialysis

Chemical Dosing System

Swimming Pool

Domestic Water

Cooling Tower

Condensate

Boiler

Lab Neutralization

TSE Water/Grey Water

Waste Water

EQUIPMENTS WE DEAL WITH

Reverse System/Nano Filtration

Portable Water
Brackish Water
Sea Water
Hemodialysis/CSSD RO

Process Monitoring & Control System

Ph /Conductivity/Resistivity
Chemical Inhibitor
Free Residual Chlorine/ORP
Free Residual Bromine
Total Hardness
Ammonia
Dissolved Oxygen
Silica/Sodium
Slit Density Index
TSS/Turbidity

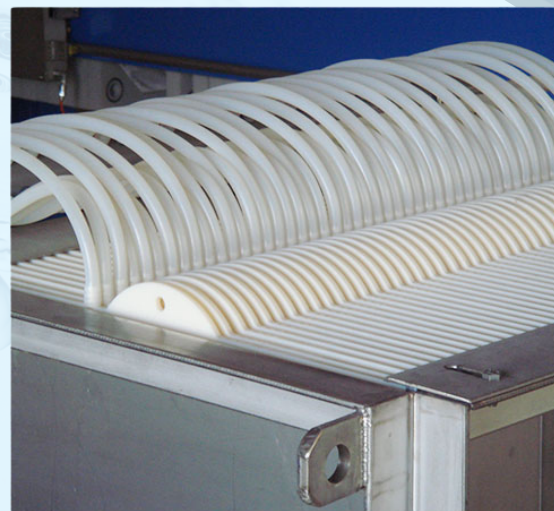

EQUIPMENTS WE DEAL WITH

Waste Water System

Oil Water Interceptor and Skimmer
Grey Water Treatment Equipment
TSE Treatment Equipment
Screen Manual and Auto

Dissolved Air Floatation System
Anaerobic Treatment
Aerobic Reactor/Anoxic Reactor
Membrane Bio Reactor/MBBR
SBR/RBC/Conventional

Chemical Treatment Reactor
Tube Settler/Clarifier
Agitator and Mixer
